**Summary of reasons
for classification:**

The DVD *Bad Santa* is classified as:

Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years.

The DVD contains a feature that appears to be identical to the 35mm film previously examined and classified by the Office of Film and Literature Classification. The 35mm film *Bad Santa* was classified as "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years", with the descriptive note "Contains violence, offensive language and sex scenes". This decision was registered on 12 May 2004.

The DVD has additional components, in the form of trailers, notices, outtakes, deleted scenes, and a making-of featurette. The additional components do not provide grounds to alter the classification given to the original publication.
